July 2021 - March 2022

Virtual Workshop Description

Participate from the comfort of your home or office.

“Foundations for BeFriender Ministry” is a workshop for teams who want to implement and maintain a listening ministry of pastoral care in their church, hospital, healthcare campus, long-term care facility or other organization. The small size of this highly interactive workshop allows workshop leaders to address the specific needs and questions of participants. A certified trainer from the BeFriender Ministry National Office will be the workshop leader.

*When someone feeling alone and isolated experiences a caring connection;
when a woman with an aging parent suffering from dementia can share her story with a listening presence;
when a patient with a life-threatening illness can talk about his fears to a caring ear;
when an abused woman finds comfort in safely telling her story to a nonjudgmental listener;
– that is the power of BeFriender Ministry.*
